HIGH VOLTAGE MONITORING SYSTEM

Engineering Specialists, Inc. has the experience and expertise to provide complete control systems and machinery for a wide variety of applications and industries. We can take responsibility for a total project from initial concept, through hardware and software design, to installation and documentation. With our well-rounded staff, we have the ability to provide complete "turn-key" systems. Please contact us at 262-783-8000

PROJECT CHARACTERISTICS

- Monitor characteristics of a high voltage product.
- Ability to monitor multiple parts.
- Full System diagnostics.
- Automatic or operator controlled.
- High speed application.
- Electrical hardware design and programming.
- Complete documentation.
- Operators manual
