MES SYSTEM AT HIGH VOLUME PRODUCTION FACILITY

Engineering Specialists, Inc. has the experience and expertise to provide complete control systems and machinery for a wide variety of applications and industries. We can take responsibility for a total project from initial concept, through hardware and software design, to installation and documentation. With our well-rounded staff, we have the ability to provide complete “turn-key” systems. Please contact us at 262-783-8000

PROJECT CHARACTERISTICS

- Calculate and display uptime, downtime per station
- Calculate and display block and starved per zone
- Detailed fault data saved to data base
- Production tracking and logging
- Complete documentation
